

First of all, the MAF New Zealand team and I would like to wish you a wonderful Christmas and a fantastic holiday season. Despite a disruptive and challenging year, we have known God's favour and blessing upon our work and ministry. It has been a year of new beginnings, developments and opportunity, for which we give God thanks.

Our purchase of a hangar at Tauranga Airport is a huge step forward towards our goal of equipping many more "mission-ready" staff. The hangar will be developed into the Kendon-Strong MAF Centre and become the "hub" of all our future work and activities.

This year marks an amazing 75-years of "Flying for Life". Can you imagine how many lives have been transformed in Jesus' name over these years?

MAF's goal has always been to overcome the barriers that keep people isolated from the help they need—and for most of 2020, that barrier has been COVID-19. Yet even during the pandemic, most of our missionaries stayed in the countries in which they serve so they could be on the frontlines in the battle against the virus.

The good news now is that in some countries MAF flights have fully resumed, while in others they are slowly opening up. However, the long-term social and economic impact on the poorer nations where MAF operates means that our flights are now needed more than ever.

But without fuel we can't get far!

Tired of giving gifts that are returned on Boxing Day?
This year give a gift that will make a long and lasting difference!
Give a \$35 "Jerry can of Jet Fuel" that will allow MAF to make a flight that could change someone's life!
